OF INTEREST TO WOMEN

An easy and quick way of dropping oil when making mayonnaise dressing is to cut a small groove in each side of the cork in the olive bottle. The air will enter the groove at the top and force the oil out of the lower hole in slow, even drops. Lay the bottle on the table with the cork end projecting well over the edge. You can sit down and do your beating, and the oil will come out just right.

To deodorize saucepans after cooking onions, cabbage or fish, try this plan: Wash and dry the pan, then place a piece of thick brown paper on the stove, set fire to it and turn the saucepan over the blaze. After a few moments remove it, and the odor will not be noticed.

A loaf of bread will keep fresh much longer if placed in a covered stone crock. Wrap in a large cloth to exclude air and keep the crock in a cool place. It is nicer than a tin vessel and much better than keeping the bread in a refrigerator.

To preserve unused yolk of eggs put the yolks in a cup or basin, drop a piece of kitchen paper into cold water, and place over the top of cup or basin. This will prevent the yolks from getting hard and they will keep for days.

To protect your rolling pin and board in absolute cleanliness is to make coverings for them of unbleached muslin, having drawing strings and loops sufficiently strong to hold them when the bags are hung up.

To starch black lawns boil two quarts of wheat bran in six quarts of water for thirty-five minutes. Let it cool and then strain. No soap is necessary where this is used, as it both cleanses and stiffens.

A good way to wash bottles or vinegar cruets is to put crushed egg shells and warm soapy water together in them and shake well. This will clean the glass well and will not scratch it.

Lemon juice will clean aluminum. If your aluminum pans and kettles become blackened, just put a little of the juice on a cloth and rub the utensil well.

Fine gingham and percales will emerge from the tub with the gloss and dressing of new material if dipped in sweet milk instead of starch.

Iron rust stains yield to the following treatment: Soak the stain in lemon juice, sprinkle with salt and bleach several hours in the sun.

Rice to be a useful article of food should be stewed with milk, butter or stock, which will supply the want of natural fat.

Ink stains are sometimes removed by soaking in sour milk and then rinsing in a weak solution of chloride of lime.

Grass stains may be eradicated by saturating the stain with kerosene, then putting the garment in the wash tub.

To remove stains of blood soak them in cold salt water, then wash in warm soapy water and finish by boiling.

To erase all traces of scorch stains, wet the scorched place, rub with soap and bleach in the sun.

Try removing mildew by soaking in a weak solution of chloride of lime, then rinsing in cold water.

Use warm water to sprinkle starched clothes and the effect will be twice as satisfactory.

Borax water will restore the gloss to satens in washing.

DIABETES

From late figures the hope of recovery under the new emollient treatment seems to be as follows:

In people of sixty and over results are quite uniform, probably nine-tenths recovering. While at fifty and over a large majority of all cases yield to the treatment, below fifty and approaching forty the disease gets more stubborn, and between thirty and forty the percentage is not high—probably not much over half yielding.

Under thirty the percentage is less, and in children recoveries have been very few and most of those were obtained with the aid of skilled physicians forcing nutrition, with alkaline treatment to prevent formation of acetones.

The new emollient treatment is known as Fulton's Diabetic Compound. For sale by all druggists.

We desire every patient to write us who is not noting the usual improvement by the third week. Always state age. Literature mailed free. Jno. J. Fulton Co., 645 Battery St., San Francisco, Cal. We invite correspondence with physicians who have obstinate cases.

The charge against Lieut.-Gov. Timothy L. Woodruff of New York for breaking the Sunday law by holding an aviation meet at Nassau Boulevard was dismissed.

NERVOUS HEADACHE

AND NUMBNESS IN THE HANDS AND ARMS.

This Iowa Woman Was In a Serious Condition and Her Cure Will Interest Many.

A cure of unusual interest and importance is related by Mrs. J. H. Morgan, of Correctionville, Iowa. After being a hopeless sufferer from sick headaches, she is now entirely free from attacks. She tells of her cure by Dr. Williams' Pink Pills, as follows:

"Some years ago I was in a terribly nervous and run-down condition and suffered greatly from nervous headaches. I was treated for three months by a specialist in Chicago, who advised me to wear glasses, but he did not help me. My head seemed as though it would burst, and I had frequent dizzy spells. I was in despair of getting well until I read about Dr. Williams' Pink Pills for Pale People and began taking them. A few boxes cured me and since then I have used them as a family medicine.

"Before the birth of my last child I suffered untold agony with pain and numbness in my hands and arms up to the shoulders. My hands were so swollen and the muscles so sore that I could hardly dress myself. For a time I could not close my left hand. During the day if I kept moving the pain did not seem to be so bad, but my hands were always numb. I again used Dr. Williams' Pink Pills for Pale People and found them good for this trouble also, and they entirely relieved me."

Unless properly treated sick headache is a disease of many years' duration, as it occurs before the twentieth year in two-thirds of the cases and recurs with more or less regularity until the fiftieth year or later. It is usually hereditary and is probably directly caused by a defect in the process which changes the food we eat into blood. Most sufferers are troubled with obstinate constipation which makes it necessary to use a laxative.

An ideal combination treatment is Dr. Williams' Pink Pills for Pale People and the new laxative pills, Pinklets. This treatment is fully described in a little booklet, "The Treatment of Sick Headache," which is free on request, together with a sample of Pinklets, the little laxative pills.

Dr. Williams' Pink Pills are for sale at all druggists, or will be mailed to any address, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

HERZER CONCERT

GREAT SUCCESS

The farewell concert given by Mr. Hugo Herzer in the Opera House last evening was an unexpected success, and the attendance was large enough to show Mr. and Mrs. Herzer that their friends in Honolulu are numbered by the hundreds.

The program, of average length, was well balanced, with enough ensemble work to keep the enthusiasm of the chorus alive and to make the chorus the real feature of the evening. It was a large, well-chosen and well-handled chorus, and in its most ambitious effort, the "Pagoda of Flowers," scored a deserving success.

Four soloists appeared during the evening, Mrs. Herzer naturally falling into the place of honor. Her singing last evening was splendid. She took the place capably and heightened her reputation already made. It is with much regret that Honolulu music-lovers see Mrs. Herzer leaving here, and local critics expect to hear favorably of her on the mainland.

Reynold B. McGraw, baritone, also added fresh laurels. Barring evidences of immaturity and failure to realize the depth of tone demanded at times, his work is worthy of much praise.

Mrs. Alexander Lindsay, Jr., appeared as the soloist in the church scene from Cavalleria Rusticana and sang the role very successfully.

Carlos Caceres scored two successes last night, in accompaniment and in solos on the piano. It is always a delight to hear Mr. Caceres. As an accompanist, he is admirable; as a soloist, he calls forth the highest of praise.

Another pleasant feature was the singing of a quartet composed of Mrs. Hugo Herzer, Miss Ethyle Fairweather, Mr. A. F. Wall and Mr. George Brown. Miss Fairweather was heard for the first time by most of those present perhaps and her mezzo quality of voice was well liked.

BAND NOTES

This afternoon the Hawaiian band will play during the Japanese sports at Ania Park, and this evening at the reception on the roof garden of the Young Hotel, held in honor of the birthday of the Mikado.

Tomorrow afternoon the band will be present at the sports and regatta of the Outrigger Club, Waikiki, and in the evening at the K. of P. Hall.

Sunday afternoon it will give a public concert at Kapiolani Park, and Monday evening there will be a moonlight concert in Kaimuki, at the end of the carline.
